SharpLynx Lite Version

Based on our popular SharpLynx software, the Lite Version provides a simple and affordable solution for use with a single Sharp ER-A410/411/420/421, UP-800 or XE-A207/217/307 ECR/POS terminal …
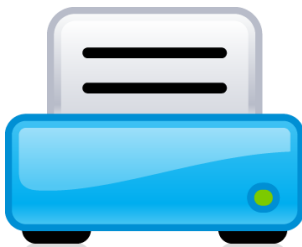

Basic Program Maintenance

Control departments, items, prices and more from your back-office

Quickly and easily maintain the following program options from your back-office computer:

- Departments
- Items and pricing
- Function Texts
- Condiment Tables
- PLU Menus
- Link PLUs

Already got a program in your Sharp ECR/POS terminal? Simply extract the program into SharpLynx Lite and you'll be up and running in no time.

Sales Reports

7 essential sales reports with date range and other options

Sales analysis is essential in any retail business. The clear and concise reports in SharpLynx Lite will enable you to closely monitor the performance and profitability of your business.

- Sales Terminals Report for a quick snapshot
- Transaction Report for takings and other functions
- Group, Department and Item Sales Reports
- Hourly Sales Report
- Electronic Journal Report

Group, filter and sort options allow you to fine-tune relevant reports. Some reports even have an optional chart to help you visualise your sales data.

SharpLynx Lite is an ideal low-cost software solution
to help you get more out of your Sharp ECR/POS terminal!
